

# INTERACTIVE METHOD AND SYSTEM FOR HUMAN NETWORKING

## ABSTRACT OF THE DISCLOSURE

Various methods for providing personal, management training and  
5 development and organizational capability through the use of interactive, software-based  
games and tools. In accordance with one embodiment, the method includes identifying an  
individual's personal, networking style and capabilities through the use of interactive,  
computer software tools. In accordance with a second embodiment, the method provides  
guidance on personal, human networking through the use of interactive, computer  
10 software. In accordance with a third embodiment, the method provides personal  
guidance through interactive software-program tools that deliver said guidance in a  
human context through the use of a humanized, virtual coach.
